

## **Grand Beach Cottage Owner's Association**

### **Medical Clinic Cottage Cleaner**

#### **Posting**

The Grand Beach Cottage Owner's Association is looking for a motivated, responsible individual to clean the cottage attached to the Medical Clinic on most Saturdays in July and August. Applicants must be self-directed and thorough individuals who are available to perform the required cleaning between 1-4pm. In addition, a start-up cleaning is required after the water is turned on in May. Due to the short, specific interval of time available for the cleaning to be completed between renters, a nearby residence is recommended.

The successful applicant will need to collaborate with the Medical Clinic Coordinator throughout the summer. All necessary cleaning supplies and vacuum will be provided. Hourly wages will be discussed at the time of the interview.

#### **Responsibilities & General Duties:**

- Disinfect all surfaces
- Wipe out the fridge and freezer
- Dust, vacuum and mop living room, dining room, 3 bedrooms and hallway
- Thorough cleaning of bathroom
- One load of laundry as required (washer and dryer on site)
- Sweeping stairs and ground deck
